Sorry I'm a bit confused - you mentioned pass-through power and camera control. Will the same port provide the pass-through power AND camera control?? (If there is only one USBC port on the camera body)

@Martin.Edling | 2026-10-21
Thank you for a good review! Do you know how the cooling works? On Atomos website it says passive heat sink which made me think it would be fanless similar to shinobi 5ii but then I saw someone posting something that indicates it does have a fan..? If there is a fan can it be turned off and the monitor still function?

@TheCicada007 | 2026-10-21
When you connected the Vmount did you still have to have the hdmi and usb-c connected to the camera? I was testing portkeys LH7C with my side handle on. both hdmi and usb-c cables seems to interfere with grip.

@andrejdsp | 2026-10-19
I used the coupon, and I love the monitor. Thank you for posting.

@FabioKasper | 2026-10-18
Thanks for the coupon. Ordered one as well.
